Determining Your Cuff Size

How to use this guide

Prior to printing, ensure that Page Scaling is set to "100%" in your print dialog box (press CTRL + P to open the dialog box).

This cuff sizer guide only serves as a referencing tool.

Measure the bar below.

It must be exactly 30 mm long.

Measure your wrist

1. Cut out the cuff sizer.
2. Wrap the cuff sizer snugly around your wrist and insert the pointed end through the slit you made in the sizer. Please note, this measurement is for a more fitted fit.
3. Make note of the size that lines up with the slit; this is your cuff size.
4. Double check for accuracy.
5. If a larger size is need please contact our customer service at info@victoryofthepeople.
